PROTECTS THE SYSTEM AGAINST ATARRH.

Hyomel Prevents Colds And Cures Grip And Catarrh. Money Back If It Fails.

"An ounce of prevention is worth a pound of cure." A few breaths of Hyomel through the neat pocket inhaler that comes with every outfit will check a cold or the grip at the start, and prevent sore throat and swelling of the throat.

In all catarrhal troubles and diseases of the air passages, Hyomel has a positive action not possessed by any other medicine or treatment. It is pleasant and convenient to use; simply put 20 drops of Hyomel in the inhaler and breathe it a few minutes, four times a day. In this way every particle of air that enters the lungs is charged with a healing balsam that kills all catarrhal germs, soothes and allays the mucous membrane, vitalizes the blood with ozone, and makes a permanent and complete cure.

A Hyomel outfit costs only \$1 and contains an inhaler, medicine dropper and bottle of Hyomel. The inhaler lasts a lifetime and when more Hyomel is needed, extra bottles can be obtained for 50c.

Mr. Penny gives his personal guarantee with every Hyomel outfit he sells, to refund the money if it does not cure.

Mayor McLane, of Baltimore, when asked for a statement, dictated the following to the Associated Press: "Baltimore will now enter undaunted into the task of reconstruction. A greater and more beautiful city will rise from the ruins and we shall make of this calamity a future blessing. We are staggered by the terrible blow, but we are not discouraged, and every energy of this city as a municipality, and its citizens as private individuals, will be devoted to a rehabilitation that will not only prove the stuff we are made of, but be a monument to the American spirit."

Another Case of Rheumatism Cured by Chamberlain's Pain Balm.

The efficacy of Chamberlain's Pain Balm in the relief of rheumatism is being demonstrated daily. Parker Triplett, of Grigsby, Va., says that Chamberlain's Pain Balm gave him permanent relief from rheumatism in the back when every thing else failed, and he would not be without it. For sale by W. N. Craig.

PREACHERSVILLE.

Preachersville now has three stores. Walter Scott is stocking up the Duval store with a line of groceries and is contemplating a new building of his own so that he can carry other lines as well.

Miss Katie Payne was visiting friends and relatives the first of the week. F. F. Maackenship went up to Rockcastle Saturday. Noah Marsee, of Garrard, was with Jonah Marsee. John W. Cummins was with the homefolks. Walter Jordan was over from Cincinnati to be with his parents and friends for a few days. Ira Holzman is going to school in Stanford and is making good progress. Mr. and Mrs. Booth Sutton have been visiting Mike Kennedy and wife. Mr. and Mrs. J. F. Payne entertained a crowd of youngsters Tuesday night.

We had a destructive storm Sunday morning which was the worst we have experienced in the last decade. Great damage was done to fruit trees and fences. Seven stacks of hay on J. C. Horton's farm were blown down. The chimney on F. F. Cummins' house and the flies on the Mascoe Hall were blown down; the unfinished house, known as the "Hizer" house on Mr. Wm. Hutchins' place, was totally wrecked; one of Geo. King's houses was blown off its foundation, a distance of six feet. The most unusual thing about the storm was the way it loaded a chicken house on the wagon at J. K. Sutton's. Since the storm we have heard several of our citizens say that they are going to dig storm cellars.

The smart frontier town was making an effort to secure a political convention.

The editor of the local paper called on one of the solid citizens and laid a subscription paper before him.

"How much do you feel like giving toward defraying the expenses of holding the convention?" he asked.

"I don't feel like giving anything," replied the solid citizen.

"Why not?"

"What good will it do the town? It will only benefit the saloons and the gambling houses."

"Well, great Scott!" rejoined the editor, "what else have we got here?"

A bank known as the Burkeville Banking Company, doing business in Burkeville, closed its doors last week.

It was organized about 10 months ago with Allen Sandidge, president, and J. E. Williams, cashier. The stockholders lost about 15 per cent. Messrs. C. W. Alexander, R. and J. S. Young were the heaviest losers. The Bank of Cumberland settles all the outstanding business of the defunct bank.—Adair News.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment, the most superior preparation of anything in use to-day for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by W. N. Craig."

The workmen are busy at the Christian church erecting a platform for the pipe organ. It will perhaps require two weeks to get the work done and the organ in place. The instrument is said to be superior to others used in larger churches and by wealthier congregations. Lancaster always wants the best.

Mr. John M. McRoberts, the aged father of Mr. H. J. McRoberts, who has been ill for some weeks in Stanford, was brought to Lancaster Tuesday and is with Mr. R. E. McRoberts. He stood the trip well and is comfortable and in good spirits. He has no pleasure greater than reading the INTERIOR JOURNAL, for Lincoln county people are very near to him.

The banquet given Tuesday evening at the W. C. T. U. rooms by the citizens of Lancaster was one of much enjoyment in every way. Covers were laid for 45 and the menu served was elegant. Cheerful conversation, bright wit and repartee together with toasts given by Rev. C. M. Chumbley and responses by Messrs. R. L. Davidson, R. H. Tomlinson, Capt. Herndon, Prof. Mannix and Rev. Tindler, made the occasion one of rare enjoyment.

of Mercer county, is a candidate for Congress in the Eighth district, to succeed Hon. G. G. Gilbert, subject to the action of the democratic party. Your support is earnestly solicited.

THERE is a rumor that friends of Col. D. L. Moore and Hon. Gen. G. Gilbert are each trying to get a candidate for Congress from Madison county, thinking that they can by that method stem the tide to Hon. Harvey Helm, of this city. We are satisfied that Madison county is for Lincoln's worthy son and do not believe the friends of Mr. Helm there will let any gentleman of that county become the tool of either Messrs. Moore or Gilbert. Lincoln has stuck by Madison through thick and thin and the good democrats of that county realizing the fact are now ready to return favors. Besides Madison has had the Congressman for several terms prior to Mr. Gilbert's election and is the home of Senator McCreary. It is Lincoln county's time to have the candidate for Congress and if Hon. Harvey Helm is not made the standard bearer there is certainly nothing in the signs of the times.

THE Cantrill School Book Bill became a law Monday without the approval of Gov. Beckham. He issued a statement in which he says there are many features of the measure which he could not endorse, but he would not veto it because of its provision for a uniformity of text books and the cheapness of them. He thinks the present Legislature should amend the law by striking out the provision which recognizes existing contracts with book companies, making the point that as it stands the law cannot become fully effective for two years.

IN a recent interview given at the State capitol, Judge Guffy, speaking of the late William Goebel, said: "I guess some of them in my party would object to me saying it, but I say it nevertheless, that the democratic party lost its best man and the common people their ablest champion when Goebel was murdered." How refreshing it is to read of a republican honest and liberal enough to speak his true sentiments. All honor to Judge Guffy. May his already slim shadow never grow less.

THE appointment of Editor F. J. Campbell, of the Somerset Journal, as a member of the State Board of Equalization is a most excellent one and we congratulate Gov. Beckham on his good selection. Besides being well fitted, Mr. Campbell has been one of the governor's staunchest friends and supporters and he is in every way deserving of the honor. That he will do his duty as a member of that board and do it well, no one who knows the splendid gentlemen will gainsay.

IN speaking of the justice of the verdict of death against Warner for the murder of Master of Machinery Leeds, the Louisville Times makes this remarkable and humiliating statement: "Should the sentence of death be carried out against him he will make but the second of two murders out of the 250 brought to trial in Louisville in the past 10 years who has paid the full measure of his debt to the community and the State."

THE Baltimore fire, so far as the destruction of property is concerned, dwarfs other great fires, like that of Chicago, for instance, into insignificance. Fortunately there was but little loss of life, only one being reported killed, while there were 250 casualties at Chicago, now over 30 years since.

THE Adair News has put in a new cylinder press, folder, engine, etc., and comes out in a new dress. Brer. Harris is a hustler with a cap and we are glad to see him prospering as he seems to be.

A SCHOOL of matrimony is to be established at Des Moines, Iowa. Classes of young men and separate classes of young women are to receive instruction in the responsibilities of married life. The venture is sure to prove a failure. The proper conduct of marital responsibilities are learned by experience. They cannot be taught by theory.

IN the war between Russia and Japan one-tenth of two people in this part of Kentucky sympathize with the latter, who have gotten the best of the game so far.

POLITICAL.

Congressman Ollie M. James, of the First district, is seriously ill in Washington.

Democrats of the Fourth District will hold a primary Apr. 23 to nominate a candidate for Congress.

The legislator who introduced a concurrent resolution to adjourn sine die February 24 is evidently after a record. All power of heaven or earth could not tear the body from Frankfort before the 60-day constitutional limit has expired, remarks the Lexington Democrat.

The Spalding resolution providing for an adjournment of the General Assembly February 24 was tabled in the House. The House passed the Dental Bill and defeated the Senate bill removing the tax from tobacco manufactured in the State by foreign corporations. The Senate passed the bill raising the per capita of the inmates of the Confederate home from \$125 to \$175.

The democratic committee of the 10th Congressional district has issued a call for a primary election to be held throughout the district on May 7, next, to nominate a candidate for Congress to succeed the Hon. Frank B. Hopkins. There are 16 counties in the district and it is claimed that the primary will cost \$2,000. Besides Mr. Hopkins, Judge John E. Cooper, of Montgomery, Geo. Calmes, of Lee, W. C. Taylor, of Menefee, J. B. White, of Estill, and others will be candidates and the race will be a warm one.

The House passed the appellate court redistricting bill, which makes six of the seven districts in the State solidly democratic. The changes are as follows:

First District—Henderson county is taken out and Muhlenberg county is added.

Second District—Cumberland county is taken out and Henderson county is added.

Third District—Whitley county is taken out and Cumberland county is added.

Fourth District—No change is made, Jefferson county constituting the district.

Fifth District—Laurel, Clay, Knox and Owsley are taken out and nothing is added.

Sixth District—Bath and Elliott are added.

Seventh District—Bath and Elliott are taken out and Owsley, Clay, Laurel, Knox and Whitley are added.

Dispatches received at London confirm the report of the destruction by the Japanese of the Russian cruisers Varig and Korietz at Chemulpo. The rumored capture of three Russian transports on the Korean coast is also confirmed, with the additional news of the capture of four whaling vessels. The captured vessels have been sent to Saebcho. According to official advices received by Baron Hayashi at London, only four battalions of Japanese have been landed at Chemulpo. The Japanese forces are said to have seized Masampo, thus securing control of the Korean channel.

To The Voters of the Fifth Appellate Court District of Kentucky.

I am a candidate for Judge of the Court of Appeals from this district, subject to the action of the democratic party. As circuit judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As judge of the State fiscal court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new constitution, as well as to construe the present constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the docket of my court, touching the rights of corporations and the exercise of franchises under the law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,

JAMES E. CANTRILL.

When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by W. N. Try for Health

222 South Peoria St.,
CHICAGO, ILL., Oct. 7, 1902.
Eight months ago I was so ill that I was compelled to lie on my back nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist to day?

JUST A WORD.

We would like to have you trade with us; that is why we advertise in the Interior-Journal. We have been in Stanford a number of years, we have helped to improve the town, we have made many friends, but it is not because of our long residence, not on account of our public spiritedness, not that you are our friend that we ask for your patronage. Our claims for your business are based on what we can do rather than what we have done—we have the goods, the largest and best line of goods being shown in this vicinity and at prices that no one can better. Our intention is to deal fairly with everybody at all times; mistakes may occur, and occasionally goods may not prove satisfactory. Under such circumstances we would urge every one to report their claims to us at once, as we wish no customer of ours to be dissatisfied.

SEVERANCE & SON.

A BIT OF HISTORY.

Fifteen years ago when Severance & Son began business we paid 6 1/2 and 7c. for calicoes, and other cotton goods in proportion. Raw cotton was then 12 cents per pound—to-day the raw material is at least 15 cents and we are now paying 5 1/2 cents for calicoes and other cotton in proportion. A child ten years old can see the advantage of buying at the present low prices we are offering goods. To celebrate the event of high priced cotton we propose to inaugurate the greatest EMBROIDERY SALE ever promulgated by any house in this section. We have gone through our stock and selected a large quantity of the choicest Edgings and Insertions ranging in width from 3 inches to 12 inches, including some beautiful 12 inch skirt flouncing and costing from 10 cents to 40 cents per yard. You will find among these the narrow, dainty, and the wide, showy goods. Now these are bargains extraordinary and we want all our customers to share in it. In order to give each one an equal chance these goods will be placed on sale Monday, February 15th, at 10 o'clock. These goods will be on display in our store room until that time. We urge you to come early as the best will go first. On the above named date we will offer any piece at 10 cents per yard. None sold before that time.

The Royal is one of the best insurance companies doing business in Kentucky. No braver knight of liberty upheld the Confederate battle cross from 1861 to 1865, than Gen. George E. Pickett, and every man, woman and child who holds in affectionate memory the sacred traditions of the Lost Cause will read this work. Mrs. Pickett has not permitted the bitterness of past issues to infect itself into the treatment of her subject. She manifests in every line her supreme devotion to those memories which will continue to abide with her so long as life lasts, and she makes no timid apologies in deference to changed conditions, but at the same time she writes in such sweet temper that her work throughout breathes the violet aroma of complete reconciliation and adds renewed testimony to the fact that the American people are one in heart again.—Atlanta Constitution.

Mrs. Pickett will lecture at Walton's Opera House Tuesday evening, March 1, under the auspices of the Stanford Lecture Course Association.

A host of friends congratulate him upon choosing so handsome a young lady for a wife and wish for them a long and prosperous life.

S. Coulter White and Miss Sallie Bailey were married Jan. 19, but their friends have just been made aware of the fact. The J. J. knew it but at Mr. White's request kept "mum." The groom is one of the West End's cleverest farmers and stock dealers and is an excellent young man. The bride is the pretty daughter of Mr. J. Wes Bailey and is a charming young woman. Both are popular young people and they have the wishes of their legions of friends for a long and happy married life.

JUDGE M. C. SAUFLEY.

The authorized announcement of the candidacy of Judge M. C. Saufley, of Stanford, for judge of the court of appeals in this, the fifth appellate district, is made in this issue of The Democrat. Of his knowledge of law, of his ability as a jurist and of his impartiality as a judge, even his bitterest enemies are forced to admit. For two terms and until last month he had been circuit judge in the 13th district and his record upon the bench is a crown of glory to him.

Previous to his election as circuit judge, Judge Saufley held for four years with marked distinction a United States judgeship in Wyoming, having been appointed thereto by President Cleveland.

During the civil war he fought gallantly for the Lost Cause and rose from the ranks to a commissioned officer. At the close of hostilities he returned to his native county of Wayne, and having always had a fondness for the profession of law, he secured enough money to go to the Louisville Law School, where he soon mastered the science.

About 1870 he settled at Stanford, and soon took a leading part at the bar and in politics. He has been an unwavering democrat and to the party he appeals with hope and confidence.—Lexington Democrat.

James White, a colored boy, dropped dead on Kenton Street, Lexington, from cigarette smoking. He had been a cigarette fiend for a number of years.

IN MEMORIAM.

A brief notice of the death of Lou
Woodson, niece of Mr. and Mrs. I. C.
Brown, appeared in this week's paper.

It was hard for the bereaved friends
and relatives to give her up, but the
Father had need of her and took unto
himself our dear little Lou. It seems
almost impossible to realize that Lou
could have been so young, her many
womanly qualities placing her in a
sphere far above her years. None
knew her but to love her and many
stricken relatives and friends are al-
most paralyzed with grief. Farewell,
dear little Lou! May thy angel form
hover ever near the bereaved ones
thou hast left behind, and may they
look up and be comforted with the
blessed thought that their beloved is
"Safe in the arms of Jesus," remem-
bering that "yet a little while" and we
may all hope to meet again in that
land where partings are no more. O
blessed hope! Best of all the boons to
mortals given: it shines upon our spir-
its with a mighty power and gives us
strength to kiss the chastening rod.

"Asleep in Jesus, blessed sleep,
From which none ever wake to weep."

The Quiet Church Wedding.

Church weddings are becoming such
extraneous affairs nowadays that only
the wealthy can indulge in them, says
an exchange. The moderately well-to-
do family can not think of having the
daughter of the house married in the
church, no matter how much they de-
sire this most vital step of the girl's
life.

The "quiet church wedding" is a
myth this Twentieth century. The
church made ready for a marriage cer-
emony no longer presents a scene made
solemn by a soft "religious light."

On the contrary, it is lighted with a
great mass of costly flowers and magni-
ficent palms, while expensive tropical
plants flank the altar in rich profusion.
Neither must their be a dearth of the
best music, that is to say music played
by the most expensive organist to be
secured.

The bride's costume, in order to har-
monize with all this splendor, must be
exquisitely manufactured of the costli-
est material it is possible to obtain.

All these things cost a lot of mon-
ey and when a man in moderate cir-
cumstances hears his daughter ask for
a church wedding he stands aghast, for
he knows he can never meet the bill.

But the house is small, and there is
no way of so arranging it that many
guests can be invited. If the quiet
church wedding were in vogue, a simple
affair, without ostentation, every
one who wished could be present at
the wedding of the tradesman's daugh-
ter. But the hard-working father can
not afford to pay for the display of the
conventional church wedding.

"Do It To Day"—The time-worn in-
junction, "Never put off 'til tomorrow
what you can do to-day," is now gen-
erally presented in this: "Do it to-day!"
That is the terse advice we want to give
you about that hacking cough or demor-
alizing cold with which you have been
struggling for several days, perhaps
weeks. Take some reliable remedy for
it to-day—and let that remedy be Dr.
Boschee's German Syrup, which has
been in use for over thirty five years. A
few doses of it will undoubtedly relieve
your cough or cold, and its continued use
for a few days will cure you completely.
No matter how deep seated your cough,
even if dread consumption has attacked
your lungs, German Syrup will surely ef-
fect a cure—as it has done before in
thousands of apparently hopeless cases of
lung trouble. New trial bottles, 25c. regu-
lar size, 75c. At all druggists.

FAIR WARNING.—The following no-
tice was recently found tacked on the
door of a local church: "There will be
preaching in this house a week from
next Wednesday, Providence permit-
ting, and there will be preaching here
whether or no on Sunday following un-
der the subject, 'He that believeth and
is baptized shall be saved, and he that
believeth not shall be damned at 3:30
in the afternoon.'"—Clinton, Mo.,
